# Tapered Protection Plugs / Caps – Large Flange

Same body design as previous EP 280 range with large cover flange

**QUALITY.** They are tapered in design and made from highly flexible polyethylene. Ideal for use on MIL Std. and SAE-type tube and hydraulic fittings, and for threaded external and internal NPT and BSP fittings.

Large flange for greater surface protection and easy removal.

**AVAILABILITY.** With over 400 million moulded components shipped from our UK logistics center we provide the fastest on time delivery service to all industries of the UK market.

**PHILOSOPHY.** Innovative protective closures at the best price in the market.
